FIG. 3

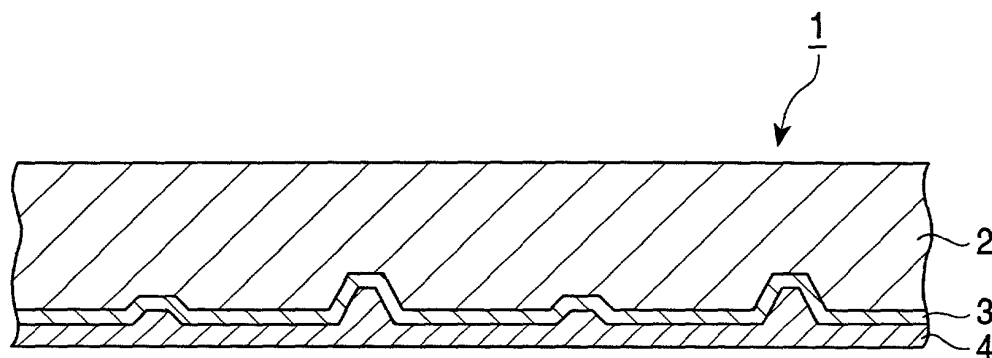

FIG. 4

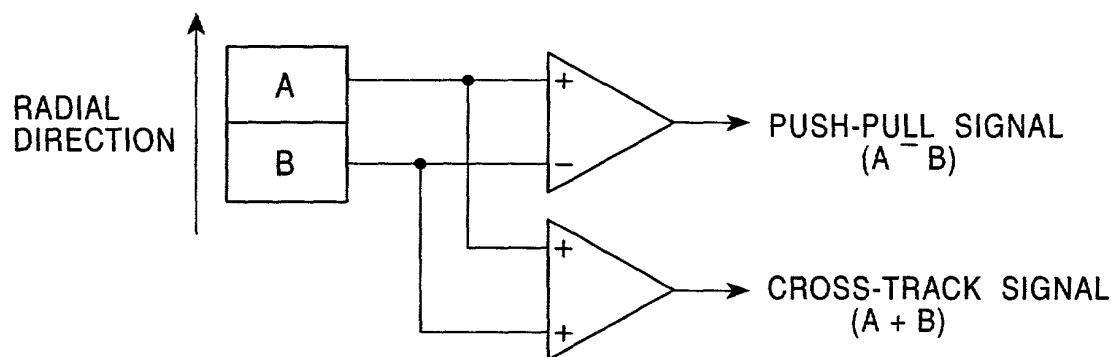

Figure 1 consists of three vertically stacked panels, labeled a, b, and c, sharing a common horizontal axis labeled "RADIAL DIRECTION" with an arrow pointing to the right, ranging from 0 to 6. Panel (a) displays a pulse sequence on a grid. The sequence includes regions labeled T1, T2, G1, and G2. Two vertical dashed lines labeled 'C' are positioned at approximately x=0.5 and x=1.5. Panel (b) shows a continuous sinusoidal wave. Panel (c) shows a continuous sinusoidal wave, similar to (b) but with a different phase or amplitude.
